Dear Limousin Breeders,

On behalf of our team at Magness Land and Cattle, I would like to cordially invite you to check out our 2018 Fall Female Production Sale, a video only online auction, Thursday, October 18th to appraise one of our very finest offering of Limousin and Lim-Flex cattle to date.

If some of you are wondering about how a video-only online auction works, it's very straight forward and is as follows. The sale will only be broadcasted on www.DVAuction.com where you will hear a live auctioneer and be able to place bids over the internet no different than many sales today. If you are uncomfortable with bidding over the internet, please contact anyone at the ranch direct or any member of our sale team to assist with your purchase. Furthermore, if you'd like to view the cattle prior to the auction, please do. We have an open door policy and would be happy to show you the offering anytime between October 11 & 18 at the ranch near Platteville, Co. If you are unable to come by in person, our trusted sale team is in place to serve as boots on the ground to assist you.

We are excited about the quality of the cattle offered, as the females in this offering reflect the cowherd strength that has been responsible for the production of the Grand Champion Carload at the National Western thirteen of the past fourteen years, and Reserve Grand Champion Carload nine of the past fourteen years. That said, the sale offering comes from the heart of our program and will feature a set of exceptionally popular pedigreed bred heifers and a quality set of mostly 5-year-old cows, which includes potential embryo donor dams and spring calving cows in their prime.

In regard to our program at Magness Land and Cattle, since 1985 we have made a lifetime family commitment to the Limousin breed. It is with an unwavering resolve we continue to strive into the future to produce the very best Limousin and Lim-Flex genetics. To this end, the cattle in this offering have complete performance data, including ultrasound measurements and all EPDs published by the North American Limousin Foundation. Our focus continues to be on the production of attractive, sound structured cattle with a strong genetic profile that fit the needs of our highly valued customers and today's current beef industry.

If you have any questions about the sale offering, please don't hesitate to call John Pence (970) 396-3584, Austin Gottschalk (970) 396-0115 or Kiley McKinna (402) 350-3447.

Sincerely yours,
Gary Magness

This exceptionally well designed, double homozygous, numerically impressive Lim-Flex female is a truly unique buying opportunity. Visually flawless best describes this big footed, free moving, sleek fronted, big bodied, square hipped female that has a perfectly balanced conformation. On paper, she ranks in the top 10% or better for milk, calving ease maternal, marbling and mainstream terminal index. Also note, she scanned an impressive 4.7 IMF. From a pedigree standpoint, she is by the widely popular \$32,500 A.I. sire MAGS Aviator and out of a high quality, maternal appearing dam that touts outcross lineage. Simply stated, this is a female worthy of leading off our October 18th offering and an opportunity to add an elite breeding piece to your genetic arsenal.

This, fellow cattlemen, is what the cattle business is all about - a homozygous black, high quality, 48% Lim-Flex daughter of the predictable A.I. sire, MAGS Y-Axis. Within the maternal depths of her pedigree lies some of the most successful females to ever live - MAGS UR A Robin and Carrouseles Pina Colada. Point blank - her top 10% milk EPD promises to bear out. Watch for her October 18.

Spring Calving Cows

LOTS 36-70

The spring bred cows found in this segment of the sale are without question from the heart of our program! The offering features mostly 5-year-old cows in the prime of their productive lives and bred to many of the breed's freshest and most elite A.I. sires. Furthermore, it's these females and others genetically comparable to these females that have been responsible for the production of the Grand Champion Carload at the National Western thirteen of the past fourteen years and Reserve Grand Champion Carload nine of the past fourteen years. It's our pleasure to place these top shelf cows on offer for your appreciated sale day appraisal. Bid with confidence.

This female covers the bases in terms of weaning and yearling weights, milk, scrotal, carcass weight and mainstream terminal ranking in the top 20% or better in the afore mentioned traits. This Rodemaster daughter is out of a functional cow that traces back to the Rockcress cow family. Bottom-line, the combination of her balanced look, distinct numerical advantages and breeding give her the credibility to be a top-shelf producer.

“We calve late March through April. The calves average 600-700 pounds when we sell in November. The Limousin and Lim-Flex® females calve easy, are gentle, and highly fertile to breed back right away. Plus they remain productive in our herd. We think they are the way to go.”

– Charlie Carnahan, rancher, Kiowa, Colorado

Limousin and Lim-Flex® (Limousin x Angus hybrid) deliver to your bottom line.

- ‡ Calving ease & calf vigor
- ‡ Tested & proven docility
- ‡ More pounds to sell at weaning
- ‡ Cow & bull longevity
- ‡ Feed efficiency
- ‡ Carcass merit

To find out more about how you can profit tomorrow with Limousin or Lim-Flex® bulls and females, contact a NALF regional manager, Andy Rest or Nathan Smith, or visit www.NALF.org.
