# Bred Females

## LOTS 1 - 10

*Found in this very special offering of bred heifers is the direct reflection of our commitment to raising exceptionally high quality, genetically diverse, numerically impressive cattle that exceed the demands of today's beef industry. For four decades, females of this quality have been the life blood of the Magness breeding program and continue to be today. This is a rare opportunity to invest in young females destined to anchor many embryo transfer programs across America.*
